

I just wanted to say that as a resident of La Mesa I love being able to hear K-Love on the radio. I know that if K-love were to be taken off the air it would take away many people's main radio station. K-Love is the only radio station I listen to. It is the only Christian radio station broadcasted in my and many other listeners areas. The service provided by K-love is most definitely in the public interest because it is bringing unbelievers to Christ everyday and encouraging people who are believers with every word spoken whether it be through song or DJ. Please do what you can to keep my K-Love on the air. Thank you.
